

18 November 1982

MEMORANDUM FOR: Director of Central Intelligence
Deputy Director of Central Intelligence

FROM : SA/DCI/IA

SUBJECT : Meeting with Secretary Weinberger,
19 November 1982

1. The following items are on your agenda for tomorrow morning's meeting:

- DCI Trip to Europe/NATO. Since you last met with Weinberger and Carlucci, you completed the trip to Europe and Weinberger completed a trip to the Far East. As you recall, he gave a comprehensive rundown on that trip at last week's meeting. I am sure you will want to brief him on the results of your consultations [redacted]
[redacted] In addition, you may wish to call to Weinberger's attention the recently published DDI paper on Peace Groups in INF Basing Countries. I note that you sent a copy to Clark and the President. Weinberger's office will have received one, but he may not have focussed on it yet.
- FY-84 Budget. I understand that Carlucci attended last Monday's SIG(I) meeting so there may be no purpose in discussing the FY-84 NFIP any further. Meanwhile, however, Defense will raise the issue of funding for the Satellite Survivability Program. [redacted] from the IC Staff, has prepared comments for you.
- MX/Dense Pack.
- NSC Meeting. Even though you will have engaged in an extensive discussion at today's NSC meeting, you may wish to share some follow-on thoughts. You will recall that in response to Weinberger's request last Friday, we provided

him yesterday a copy of the Talking Points drafted by [] and the technical OSWR analysis assessing when and how the Soviets could react. Weinberger may wish to comment on that material. In addition, he provided you a copy of the Townes Panel Report and Dr. Townes' follow-up letter to him and yesterday's briefing.

- SSCI Hearing. You may wish to discuss your views on how to approach the SSCI Hearing scheduled for 1 December. You have been invited to testify, along with General Williams, General Marks, and General Griffith. You will recall that last week Weinberger's second question was how should we represent our case to the Congress.
- Visit of Egyptian Minister of Defense. If you have not succeeded, you may wish to respond personally to Weinberger's 15 November memo recommending that you, along with Shultz and Clark, meet with Field Marshal Ghazala next Tuesday morning, 23 November. *ret for 29 Nov!*

2. Please let me know if there is anything else you would like to have for this meeting.

NOTE: I had originally suggested to Defense that you discuss the new Soviet leadership and status of the US-Greek base negotiations. It was Defense's preference (perhaps Carlucci) that these not be discussed because they will have gone into the Soviet subject in depth with Shultz this morning and you with Shultz tomorrow, and there is nothing to report on the base negotiations--all seems to be on track.

Late item: you probably will want to show Weinberger the report on Cuba/nuclear weapons that has caused such a stir.
